

BELLS JUNCTION PRODUCT SPECIFICATIONS

Bells Junction is one of the CRONZ carpet styles made from 100% 66 Nylon. This yarn is manufactured in the USA and is the finest nylon yarn available for carpet & rug manufacturing. 66 Nylon is more resistant to crushing and matting, heat, friction and stain penetration than any other previously available nylons. Nylon yarn is also a good alternative rug or carpet choice for people suffering from allergies from natural products. Bells Junction displays a sleek high-lustrous finish. The product is tufted densely producing a silk-like look. The sheen swirl created by the movement on the carpet pile is reminiscent of the soft grasses being blown gently by the warm breeze. Bells Junction was created to meet the demand for a silky finish at more affordable price. The nylon yarn has a similar drape and smooth look as silk and is very durable. This is suitable for home wall-to-wall carpets and large area rugs as well as commercial high-end installations where sheen, durability and ease of cleaning are desired. Although Bells Junction looks amazing in just one plain colour, simple patterns such as stripe or diamond work also very well in this style.

PRODUCT TYPE: Tufted

COMPOSITION: 100% High Lustre 66 Nylon

COLOUR: choose 1 colour

FINISH: cut level, shorn

PILE HEIGHT: 11-13 mm

TOTAL HEIGHT: approx. 16 mm

TOTAL YARN WEIGHT: approx. 2.6 kg/m²

BACKING MATERIAL: Polypropylene, Action back

ADHESIVE: Latex

EDGING: Standard rolled edge & tape (rugs only)

COLOUR

Custom colour of your choice.

DISCLAIMER

Dimensions may vary by up to 3% due to the tufting process so please specify the maximum or minimum dimensions when ordering the carpet or rug. For carpet installation, please allow extra 5-10% for fitting tolerance, depending on the room's size and shape.

Please note that variations in colour and texture may occur between batches of yarn and dye baths. All carpets and rugs, irrespective of their colour or finish, are subjected to shading and cut pile carpets may be subject to pile reversal which is not a manufacturing fault, but an inherent characteristic of these flooring surfaces.

SIZE

Bells Junction rug is made in the custom size of your choice. Bells Junction carpet is manufactured to specific room measurements, or according to a supplied floor plan.

MOST COMMON RUG SIZES are 2000 x 3000 mm, 2500 x 3500 mm, 3000 x 4000 mm, 2000 mm diameter round, 2500 mm diameter round, 800 x 4500 mm (runner size).

CARE ADVICE

Nylon rugs do not shed, unlike wool rugs. Do not rub fresh stains as rubbing only pushes the stain deeper into the fibers. Make sure to attend to any spills immediately, and blot up liquids with plenty of paper towels. Regular vacuuming is the most efficient way to remove surface dust and prevent build-up of material that could harm the carpet. Make sure you use vacuum setting and not beater bar to prevent creating "fuzz" on your nylon rug or carpet. We also recommend cleaning all the rugs by professional carpet cleaners every 18 months. Make sure to rotate rugs regularly to ensure even wear and protect them from prolonged periods of direct sunlight.
